1.3 Overview

Reader's Digest UK was founded in 1938 and is a general-interest publication, publishing print and digital editions of a monthly magazine as well as e-newsletters, a podcast and desktop/mobile websites.

2 Internal Guides

Reader's Digest has the following internal manuals used by journalists, of which copies are available on request by the Regulator:

- The Editors' Code of Practice C 2018
- Staff Handbook

3 Compliance Procedures

How the Regulated Entity deals with:

3.1 Pre-publication guidance under regulation 4.5

4th Floor, Highlight House, 57 Margaret Street, London W1W 8SJ

Where required, editors and journalists seek advice from IPSO in advance of publishing articles to consider matters of compliance with the Editors' Code. This advice is then considered alongside editorial guidance and the public interest when refining and publishing any articles.

3.2 Verification of stories

Journalists and editors take all appropriate steps to confirm stories. Journalists provide lists of sources and contacts for all verifiable facts and quotes within features, which are then double-checked and confirmed with the primary sources. All commissioned content is also checked with an external legal expert prior to publication.

3.3 Compliance with the Editors' Code

Copies of the Editors' Code of Practice C 2018 are available to all journalists. Where the Regulator finds against a publication in the course of assessing a complaint, the publication complies with the findings and any remedial action required.

3.4 Editorial complaints, determined under Regulation 27

Reader's Digest has a standard complaints procedure. Members of the public can register an editorial complaint under this procedure by contacting Customer Services or by submitting a complaint in writing to the company address.

Complaints received or referred from IPSO are assessed by the Responsible Persons, who will seek to resolve the matter with the complainant. Complaints that fall outside the procedure, i.e. are not editorial complaints, are referred to the relevant department/person.

When the Regulator finds against a publication when determining a complaint under Regulation 27, the publication complies with the findings and any remedial action required by the Regulator.

3.5 Training of staff

When required, Reader's Digest arranges staff training sessions to update staff on regulatory changes. New joiners are supplied with a staff handbook and copy of the Editors' Code.
